2X WORLD CHAMPION · COACH + EDUCATOR

HATTIE BOYDLE
THE CONTENT ENGINE.

A monthly filming and podcast partnership. Everything shot, cut, captioned and posted, so **you coach and compete** *while the content compounds.*

YOU SHOULD NOT HAVE TO CHASE YOUR CONTENT TEAM

You are paying for content and getting excuses. Promised numbers keep moving, clips arrive late, and the output does not match what was sold.

This proposal locks the deliverables in writing. Every number below is a commitment, not a pitch. If a month falls short on our end, the shortfall carries over at no cost to you.

EVERY MONTH, DELIVERED

1
EPISODE

Podcast filming + full edit

One full episode per month filmed at your studio · we bring the complete multi angle kit to you. Full episode edit ready for YouTube and audio platforms.

16
CLIPS

Podcast clips, 30 to 60 seconds

Cut for the hook, not the timestamp. Auto tools promise 32 clips per episode and deliver filler · you get 16 that are actually worth posting.

4+
SHOOT DAYS

One shoot day, every week

Coaching calls, gym floor, physique work and sponsor b-roll captured on a standing weekly session. Weekends available.

8
REELS

Education + business content

Reels built from your ideas and the weekly footage · mindset, coaching and business angles edited to the same standard as the podcast clips.

All
POSTS

Socials run for you

Bold keyword captions in the style the biggest accounts in your space use, scheduling and posting across Instagram, Facebook and YouTube Shorts. No TikTok, as requested. Sponsor deliverables handled separately so partner content never eats into your posts.

24

Posts published every month. 16 podcast clips + 8 content reels, on a schedule you never have to think about.
