Coast Life Constructions — Fable 5 Prompt Library

Managed by 10x Visuals | Copy-paste ready. Always attach `master_playbook.md` + `brand_voice.md` first.

Session opener (always run first)

```
Read master_playbook.md and brand_voice.md before doing anything.
Client: Coast Life Constructions. Style: 10x Visuals cinematic.
Confirm you've absorbed both files with a one-line summary of the tone rules.
Do not post anything until I explicitly approve.
```

Prompt 1 — Weekly planning

```
It's Monday. Read brand_voice.md and strategy_guide.md.
Ask me 3 questions about the week — what got filmed, what project we're featuring, what's th
Then output a 4-post plan for the week (Tue Reel, Thu carousel, Sat Reel, Sun photo) with ho
```

Prompt 2 — Carousel from a finished project

```
Create a 6-slide Instagram carousel for Coast Life Constructions.
Project: [PROJECT NAME + SUBURB]
Pillar: [project showcase / educational / process]
Attached: /references/[filename] — match this grade and framing.

Requirements:
- 4:3 aspect ratio
- Slide 1 = hook, slides 2–5 = value, slide 6 = soft CTA
- Use Higgsfield MCP with Nano Banana Pro for any generated visuals
- Text overlays: serif for headings, sans-serif for body, minimal
- Caption in Coast Life voice — first line must earn the tap
- Exactly 5 hashtags (2 local, 2 category, 1 brand)
- Draft in Blotato scheduled for Thu 6:30pm AEST — DO NOT POST
```

Prompt 3 — Reel caption from a finished video

```
Attached: the finished Reel for Coast Life Constructions.
Project: [PROJECT NAME + SUBURB]
Read brand_voice.md.

Deliver:
1. Primary caption — first line = hook, max 3 short paragraphs, one CTA
2. 3 alternate hook lines I can A/B test
3. Cover text overlay — max 5 words
4. Exactly 5 hashtags
5. Suggested post time based on the weekly cadence in strategy_guide.md

Schedule in Blotato as draft — DO NOT POST.
```

Prompt 4 — Single photo post

```
Attached: hero photo from [PROJECT NAME + SUBURB].
Read brand_voice.md.

Write 3 caption variants:
- Story-led (60–100 words, opens with a moment)
- Educational (60–100 words, teaches one thing)
- CTA-led (40–60 words, drives a consult booking)

Recommend the strongest variant and explain why in one line.
5 hashtags. Draft in Blotato for Sun 5:00pm AEST.
```

Prompt 5 — Educational carousel (no project needed)

```
Create a Coast Life Constructions educational carousel.
Topic: [e.g. "5 things to check before signing a build contract"]
Pillar: Educational (authority + saves)

Attached: /references/[filename] for visual style.

Requirements:
- 7 slides, 4:3
- Slide 1 = hook that promises value, slide 7 = soft CTA + save prompt
- Middle slides: one big idea per slide, one supporting sentence
- Use Higgsfield MCP for on-brand illustrative photos (no stock)
- Caption: expand on the topic in Coast Life voice, first line earns the tap
- 5 hashtags, draft in Blotato — DO NOT POST
```

Prompt 6 — Talking-head Reel script

```
Write a 60–90 second talking-head Reel script for the Coast Life owner.
Topic: [e.g. "Why we won't use MDF joinery on a custom build"]

Requirements:
- First line = hook that stops the scroll
- Plain-spoken Aussie voice per brand_voice.md
- 3 clear points with a concrete example each
- End on a strong single-sentence takeaway (not a CTA)
- Include suggested B-roll shot list (5–8 shots) with why each is needed
- Format for teleprompter: short lines, natural breath breaks
```

Prompt 7 — Monthly review

```
It's end of month. Read the last 4 weeks of posts (attached export from Blotato).
Analyse:
1. Which pillar drove the most saves + shares?
2. Which hook formula performed best?
3. Which post got the most profile visits?
4. What should we rebalance in next month's mix?

Output a 1-page monthly review + 3 concrete changes for next month's plan.
```

Prompt 8 — Emergency filler (for weeks with no fresh shoot)

```
No new footage this week. Read brand_voice.md and the archive index.
Pull one moment from the evergreen stories bank in brand_voice.md section 7.
Build a talking-head Reel script + a supporting single-photo post from existing library.
Do not fabricate details — flag anything that needs Hunter to confirm before publishing.
```

Higgsfield MCP visual prompt template (paste inside any generation call)

```
Style: cinematic real estate, 10x Visuals grade.
Grade: clean, bright, natural, neutral. Warm neutrals. No teal/orange.
Framing: [symmetrical hero / one-point perspective / low-angle exterior golden hour]
Lens equivalent: [14–24mm for interior wide / 24–70mm for detail]
Motion (if video): locked-off or subtle push-in only. No gimbal shake, no whip pans.
Reference attached — match lighting and mood exactly.
Aspect: 4:3 for feed, 9:16 for Reel.
```
